

Public Information Session Scheduled for Norfolk Airport Master Plan Update

Norfolk Airport Authority has recently begun the Airport's Master Plan Update (MPU) to account for numerous changes that have taken place at the Airport, in the aviation industry, and in the Hampton Roads region since completion of the Airport's 2008 MPU. The Master Plan will be used to support growth and guide development to meet existing and future needs of Airport users.

Mark your calendar to attend a Public Information Session.

Please join us at an information session to learn more about the ongoing Airport MPU. During the information session, you will have an opportunity to understand the objectives of the study, review

the study process, and hear information about the latest changes within the aviation industry plus provide your feedback about the future of the Airport.

Wednesday, May 30, 2018, 6 - 8 p.m.

(presentation at 6:15 p.m.)

**Holiday Inn Norfolk Airport,
1570 N. Military Highway, Norfolk VA, 23502**

The information session location is accessible to persons with disabilities. If you require special assistance, such as sign language, call 757-460-4183, or TTY 711 by Friday, May 25.

Can't make the meeting? Please send input by June 15, 2018.

The public meeting presentation and materials will be available on the study website after May 30, 2018. We want your insight for this important study and future needs of Norfolk International Airport. Share your input and requests to be added to the MPU mailing list in one of the following ways:

- Online: www.ORFMasterPlan.com/content/contact/
- Email: ORFmpu@ORFMasterPlan.com
- Mail: Anthony E. Rondeau, Deputy Executive Director,
Norfolk International Airport, 2200 Norview Avenue, Norfolk, VA 23518
